"In Between" is a new concept of video art exhibition curated by ZAZ10TS and presented on ZAZ Corner, where continuous artwork is displayed for 15 seconds at a time on a large LED billboard at the corner of 41st St. and 7th Ave. in the heart of Times Square. Curated videos are interspersed between commercial messages every 2 minutes. Starting in September 2020, a new artist will be selected for the showcase each month. "In Between" kicks off Sept. 1s with award-winning artist Ben Hagari's pandemic inspired "About Face" video series. The project was shot entirely at home in NYC as the artist stayed in place during the COVID 19 pandemic. It features a faceless protagonist who finds new relevance with everyone around wearing masks, concealing their faces, and inevitably their facial expressions.
